Rife and Carolyn Saunders Division of Nursing Application Process for Fall 2026

Applicants are encouraged to read in its entirety the admission policy as found on the Louisiana Christian University website. Only completed applications will be considered.

Application can be made via the Nursing application link on Louisiana Christian University website at: <https://lcuniversity.edu/academics/school-of-nursing/>

Completed applications can be mailed to the address below or emailed to:
amelia.davis@lcuniversity.edu

*Louisiana Christian University
Division of Nursing
1140 College Drive, Box 556
Pineville, LA 71359*

Incomplete applications will not be considered.

Please include the following:

- Acceptance to Louisiana Christian University. Applications can be submitted at: <https://lcuniversity.edu/apply-now/>
- Official transcripts from all universities and colleges previously attended should be sent to Louisiana Christian University registrar's office.
*1140 College Drive, Box 568
Pineville, LA 71359*
- Official TEAS score. (Traditional BSN candidates only)
 - Students may register to take the TEAS by submitting payment through ATI Testing: <https://www.atitesting.com/>
 - The cost for the TEAS test is the responsibility of the student.
 - Test completion for all admission assessments must be the most recent version of the TEAS exam.
 - A copy of the TEAS test results must be submitted electronically from the testing company directly to the LCU DON.
 - A maximum of three (3) attempts on the indicated pre-admission assessments is permitted. (Students are required to wait 30 days between each attempt).

LOUISIANA
CHRISTIAN
UNIVERSITY

- International transcripts must be evaluated via one of the services accepted by Louisiana Christian University. <https://www.wes.org/> or <https://www.ece.org/> or www.jsilny.org/
- The Test of English as a Foreign Language (TOFEL) OR International English Language Testing System (IELTS) is required of all applicants whose first language is not English regardless of current residency status. Submit results to the admissions department.

All pre-requisites must be completed before entry into Fall clinicals.

For questions, call: 318-487-7127 or email: amelia.davis@lcuniversity.edu

TECHNICAL STANDARDS FOR ADMISSION AND CLINICAL FACILITY REQUIREMENTS

The student must prove they can meet the following abilities and expectations of a Nursing Student:

- The mental capacity to assimilate, analyze, synthesize, integrate concepts and problem solve to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm.
- Sufficient postural and neuromuscular control, sensory function, and coordination to perform appropriate physical examinations using accepted techniques; and accurately, safely, and efficiently use equipment and material during the assessment and treatment of the patient.
- The ability to communicate effectively and sensitively with patients and colleagues, including individuals from diverse cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively. Students must be able to understand and speak the English language at an international TOFEL level of 81 to be consistent with competent professional practice.
- The ability to record the physical examination results and a treatment plan clearly and accurately.
- The capacity to maintain composure and continue to function well during periods of high stress.
- Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations.
- Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care.

Essential Core Performance standards: It is the expectation of the Louisiana Christian University Division of Nursing that all applicants for admission possess and be able to demonstrate competency in the following skills, attributes, and qualities: critical thinking, interpersonal relationships, communication, mobility, motor, sensory, and behavioral. Students must be able to perform in the classroom, practice laboratory, and clinical agency without unreasonable dependence on technology or intermediaries. “Unreasonable” is defined as beyond the scope of feasibility in terms of time and funding. The following Essential Core Performance Standards represent the minimum eligibility requirements for successful

LOUISIANA
CHRISTIAN
UNIVERSITY

progression and completion of all clinical nursing courses at Louisiana Christian University. These Standards provide guidance to faculty and students in determining reasonable accommodations or modifications for completion of the program.

CRITICAL THINKING POLICY

Each student should demonstrate sufficient skill in the area of critical thinking which involves judgment and the sufficient powers of intellect to acquire, assimilate, integrate, apply, synthesize, and evaluate information to solve problems. Critical thinking must be demonstrated in the following areas:

- Ability to identify cause and effect relationships and correlational situations in the clinical practice area.
- Ability to develop nursing diagnoses and implement a nursing plan of care congruent with the nursing process.
- Ability to demonstrate an immediate, judicious, and prudent response to an emergency situation.
- Ability to prioritize and adapt care according to client need and agency policy in relation to level of practice.

INTERPERSONAL RELATIONSHIPS POLICY

Each student should possess and demonstrate interpersonal skills sufficient to interact with individuals, families, groups, and communities from a variety of emotional, religious, sociocultural, ethnic, and intellectual backgrounds. Discrimination against individuals according to race, color, political affiliation, culture, religion, gender, health status, or disability is prohibited. Students are expected to demonstrate the following interpersonal skills with clients, client families, faculty, agency staff, and peers:

- Establish rapport with clients and client families by demonstrating a willingness to listen and act upon client concerns.
- Develop collaborative relationships with peers while practicing team nursing.
- Demonstrate courteous, attentive behavior towards faculty, staff, and agency personnel.

LOUISIANA
CHRISTIAN
UNIVERSITY

COMMUNICATION POLICY

Students accepted into upper division nursing courses should demonstrate communication skills in a variety of modalities. Content of verbal and written messages must be easily understood, accurate, and timely. Communication skills must be sufficient for but not limited to performance of the following:

- Ability to explain treatment, procedures, and initiate health teaching with clients and families.
- Ability to document and interpret nursing actions and client responses.
- Ability to communicate information effectively with other disciplines.
- Ability to interpret and evaluate verbal and written orders, requisitions, reports, care plans, and requests.
- Ability to assess the client's current health status and past medical-surgical history and communicate this information in a timely manner through appropriate mechanisms. Examples: Client record, nursing care plan, and admission data sheet.

MOBILITY POLICY

Students accepted into upper division nursing courses should be physically capable of successfully performing all activities in both the nursing practice laboratory and clinical practice setting. Sufficient physical health and stamina are needed to carry out all required procedures. It is necessary for each student to determine their physical capabilities and report to the nursing division any physical limitations which would restrict or interfere with satisfactory clinical performance. Individuals must have the physical abilities and mobility sufficient to perform all but not limited to the following activities:

- Demonstrate the ability to function in a client's room, workspaces, and treatment areas.
- Be able to lift, transfer, position and transport clients without causing injury, undue pain, or discomfort to the client or oneself.
- Be able to transport and manipulate all fixed and mobile equipment into a proper position in a timely and cautious manner.
- Be able to respond immediately and in an independent fashion to emergency situations that could otherwise jeopardize a client's physical state if care is not administered immediately.

LOUISIANA
CHRISTIAN
UNIVERSITY

- Ability to assess the client's current health status and past medical-surgical history and communicate this information in a timely manner through appropriate mechanisms. *Examples: Client record, nursing care plan, and admission data sheet.*

MOTOR SKILLS POLICY

Each student should demonstrate gross and fine motor skills sufficient to provide safe and effective nursing care. Proficiency is required but not limited to the following areas:

- Able to utilize, manipulate, and calibrate all electronic monitoring equipment in providing client care.
- Be able to set up, install, and operate all adjunct equipment utilized in client care.
- Be able to apply properly any appliances, protective devices, or therapeutic adjuncts during client care.
- Be able to perform all required invasive or non-invasive procedures involving the use of supplies or equipment in providing nursing care.

SENSORY POLICY

To observe, assess, and evaluate clients effectively, each student should have sufficient use of the following senses: Vision, hearing, touch, smell, and taste. Sensitivity must be demonstrated in the classroom, laboratory, and clinical area. Individuals must possess acuity in the following senses:

- Demonstrate the sense of vision sufficient for inspection and assessment of clients for monitoring client activities, responses in relation to safety needs, and for reading all documentation and monitoring devices.
- Demonstrate the sense of hearing sufficient for monitoring alarms and emergency signals, for detecting clients' requests for assistance or cries for help, and for the assessment of auscultatory sounds.
- Demonstrate the sense of touch sufficient for conducting and performing a physical assessment on a client with the ability to interpret the results. Assessment includes but is not limited to the following:
 - Performing the functions of a physical examination, such as palpation and percussion.
 - Performing functions related to therapeutic interventions, such as insertion of catheters.

LOUISIANA
CHRISTIAN
UNIVERSITY

- Detecting the presence of abnormal or pathological phenomena, detecting any physical changes, or detecting any deviancy from normal client health status.
- The sense of smell sufficient for detection of any unusual odor emanating from client or client's body fluids.

BEHAVIORAL POLICY

- Each student should possess and exhibit sufficient psychic stability, motivation, and flexibility to function in new and stressful environments. Appropriate behavioral responses include but are not limited to the following:
- Acceptance of possible changes in client behavior, response, or health status and ability to demonstrate caring, empathetic responses to client behavior.
- Acceptance of assignment and schedule changes in the classroom, nursing practice laboratory, and clinical setting.
- Compliance with all Division of Nursing and agency policies.
- Ability to respond appropriately to constructive criticism and direction from faculty and agency staff during the learning experience.
- Ability to accept a progressive increase in classroom and clinical workload, nursing responsibilities, and client assignments.
