Disclosure of Educational Records

Louisiana Christian University will disclose information from a student's educational records only with the written consent of the student except in certain legally permissible situations, i.e., to college officials who have a legitimate educational interest in the records, to certain government or other public officials, and to parents of an eligible student who claim the student as a dependent for income tax purposes. However, information designated by Louisiana Christian University for directory purposes, or the results of any disciplinary proceeding conducted by the University alleging a sex offense of the accused may be released without the student's consent. Otherwise, to release information, the student must complete and sign the "Student Consent to Release Confidential Information Form" authorizing the release of confidential information. To ensure that the identity of the person who is making the request is the student, the student must show his/her LCU student ID, and the form must be submitted in person to the Office of the Registrar, Alexandria Hall, Room 145 and/or the Office of Student Support Services, Hixon Student Center, Third Floor. For distance education students, the online form can be submitted through the student's assigned college email with a scanned copy of his/her LCU student ID.

Parental Disclosures without Written Consent

Under FERPA, when a student turns 18 years of age **OR** enrolls at a postsecondary institution at any age, all parental FERPA rights are transferred to the student. However, FERPA does provide for some information to be shared by schools with parents or legal guardians without the student's consent. Examples are as follows: (1) disclosure of educational records if the student is a dependent for income tax purposes. This would apply to a student who was a dependent for the most recent tax year; (2) disclosure of educational records if a health or safety emergency involves their student; or (3) if the student is under age 21 and has violated any law or policy concerning the use or possession of alcohol or a controlled substance. Parents should discuss their intentions to obtain confidential information with their student whenever feasible.
